MODULAR CONVEYOR BELT SYSTEM FOR EBA 7050-2 C

Ideal for shredding large paper quantities. The shreds can be collected outside of the shredding machine in large containers or in the standard shred trolley delivered with the shredder

- modular conveyor belt system for the shred exit area
- electric belt drive, controlled by the shredder electronics
- electrically secured locking system
- thermal overload
- mobile on castors
- output of the shredder can be doubled (time is saved because removing the full shred bag is not necessary)

Depth EBA 7050 with integrated conveyor belt system: 3070 mm
